Seauties of Constantine.

The city of Constantine is full of beautiful and interesting things, but in the way of buildings, after Santa Sophia the mosque of Yezid Vahid Sultan, the wife of Ahmed I, is the most wonderful. The effect of these buildings, with their elaborate carvings, patterns and borders, is extremely striking and there seems to be nothing quite comparable to it. The files in this old mosque are considered to be among the finest in all Constantinople.

How Chemists Enrich World.
A platinum substitute lately tested in Amsterdam was an alloy of 92 per cent of gold with 11 per cent of platinum. This material, called "platin," withstand sulphuric, hydrochloric and nitric acids, and other reagents used in chemical work and was unaffected by heating for half an hour in a smoky petroleum-gas flame. It proved equal or superior to platinum in value for the chemist's laboratory, except for the large loss by corrosion when used in contact with a mixture of sulphuric and nitric acids.

Original "Gag Rule."
"Gag rule" was a phrase applied to a resolution passed by congress in May, 1876, that three-fourths of all petitions, memorials, resolutions, propositions or papers relating in any way to the subject of slavery or the abolition of slavery should be on the table without being printed or referred. The rule was abolished a few years later.

COCE WANTED TO HAVE DAZZO'S WIFE

At Least Dazzo Claims That and He Has Coce Arrested on a Peace Warrant—Interesting Tale Unfolded—An Influenza Cure.

Serafino Coce was arrested Wednesday afternoon by Officer Welch on a warrant secured by Vincenzo Dazzo of No. 103 Farrelly street, who claims that Coce had threatened to kill him. Coce was arraigned in police court this morning before Judge Schirick and after hearing the charge read to him asked that the hearing be adjourned to Monday which was granted. Bail was fixed at \$500 by the court.

Behind that paragraph lies an interesting tale as unfolded by Dazzo and his wife at the time they applied for the warrant. All they want is to have Coce placed under a bond to keep the peace and leave them alone. They are represented by Judge O'Reilly.

The story as told by Dazzo to the court at the time the warrant was issued was substantially as follows: Dazzo said that he and his wife, Florence, were married in Port Ewen on September 3, 1917. In October of this year a cartridge exploded in his home at No. 24 North street, injuring his eye.

At that time he and his wife were employed at the American Grenade Loading plant in Port Ewen, while Coce was employed at the Hitebrant shipyard at Connelly. It was suggested by Coce that all three go to Poughkeepsie and see an eye specialist. Dazzo said he had no money and that Coce agreed to lend him \$50 which he did and Dazzo, and his wife, and Coce went to Poughkeepsie where an eye specialist was seen.

After three days in the bridge city Coce suggested that as Dazzo and he had some back wages due them in Kingston that they make the trip here and secure the money. They came to Kingston leaving Mrs. Dazzo in Poughkeepsie. Dazzo claimed that Coce and he agreed to meet at the Rhinebeck ferry slip in time to catch the late afternoon train back to Poughkeepsie. They parted and Dazzo went to the grenade plant and secured his money and then returned to Kingston and waited at the ferry for Coce, who did not show up.

Dazzo not wanting to miss the 6 o'clock train crossed on the ferry and returned to Poughkeepsie. When he reached Poughkeepsie his wife informed him that Coce had returned at 2:15 o'clock and had drawn a knife and threatened to kill her unless she went with him to Beacon and lived with him as his wife.

Mrs. Dazzo was badly frightened and went with Coce as far as the railroad station where she called a policeman and Coce was placed under arrest at her request.

She then returned to Kingston with her husband and was taken ill and was unable to attend the hearing in Poughkeepsie and is unaware of what occurred when Coce was arraigned in court.

Dazzo claims that Coce still pursues him and threatens to kill him and for that reason sought his arrest.

This morning Judge Schirick took the action stated.

A Cure For the Flu.

Wednesday Eugene Davis came to Kingston from Catskill and afraid of the flu he imbued too much medicine. He was making a nuisance of himself at the West Shore station and was finally placed under arrest by Officer Saelhoff. This morning Judge Schirick imposed a fine of \$3.

BREAKFAST MUFFINS

1 1/2 cups flour
1/2 cup Argo Corn Starch
4 level teaspoons baking powder
1 teaspoon salt
1 tablespoon sugar
1 egg
1 cup milk
1 full tablespoon Mazola
Sift dry ingredients together, being sure they are thoroughly mixed. Beat the egg, add it to the milk and turn into the bowl containing the dry ingredients. Add the Mazola and mix all together very quickly. Do not beat. Turn into muffin pans greased with Mazola, and bake in a moderately hot oven about 25 minutes.

—perhaps you will like these breakfast muffins even better than your usual recipe—they are shortened with Mazola

MAZOLA seems to have the faculty of making many of the old familiar dishes more delicious than they ever were before.

One reason is because of its great purity and uniformity. Mazola comes from an edible source—the golden American corn kernel; its production is scientific and exact.

Use Mazola for your deep frying, sautéing, shortening and salad dressing, and learn for yourself the perfect results which this wonderful oil gives.

Mazola is also a great force for economy in cooking. The same lot of oil can be used over and over again until every drop is gone, as Mazola never carries odors or flavors from one food to another.

Get Mazola from your grocer in pint, quart or gallon tins. Large sizes most economical.

Also ask for the Mazola Book of Recipes or write us direct—free on request.

HOSPITAL GRADUATES CLASS OF NURSES

The graduating exercises of the class of 1918 of the Nurses' Training School of the Kingston City Hospital took place at St. Mary's Hall Wednesday evening in the presence of the many friends of the graduates. Following a musical number by Shurtz's orchestra, prayer was offered by the Rev. T. H. Baragwanath. Dr. A. A. Stern then gave the "Annual Report of the Training School," which was as follows:

Members of the class of 1918: It is again my privilege to address the class as secretary of the staff, and I assure you it is a pleasure to do so. You, who are about to go out into the world to minister to the sufferings of human flesh, carry with you the best wishes for success from all your teachers. You know full well the care and diligence that has been bestowed upon you during your three years in school by all those interested in both success of the school and its graduates. We all feel proud of the high standing of those who have entered the noble profession of which you have become members. This has all been brought about through the earnest efforts of the board of managers, the staff and the various superintendents of the school, to raise to the highest possible efficiency all of the facilities at our command. We have also required from you that you should have the essential requirements to make a competent nurse, first, the required preliminary education; second, tact, sympathy, gentleness; these factors that are so essential to nursing.

During the past year eight of our graduates have become Red Cross nurses, five of whom are now in active service, a record that we may be proud of.

Finally, let no motive lead you to violate the trust that we have reposed in you.

Another pleasing musical selection by the orchestra was followed by the address of the evening, given by Mayor Palmer Canfield, Jr.

I feel that I have been highly honored to speak at this time on the occasion, to those present here. I feel that my powers are inadequate to present properly or even feel the great life work which these graduates are entering so deeply into the activities of the war that it has raised itself above the plane of being called a profession. The war has been the most difficult, the most trying, the most unrelenting state produced by unnatural conditions. War almost everywhere, developed and generated others. Wounds were healed and lives saved by trained and skilled nurses who were wrapped in a joy of service.

The Red Cross nurses went into unselfish service. They made every atom of mind, heart and physical endurance count to alleviate the suffering of the injured of the war. They were trained to handle the most difficult and delicate cases and made themselves indispensable. Personal thought or interest was forgotten. They placed themselves at the disposal of the needs of all civilized peoples. They made the supreme sacrifice. They gave up almost everything. They were willing to do up everything and some did. To our boys they have been angels of consolation. I hope that everyone present will avail themselves of the opportunity to renew their membership with the Red Cross during the week of the 16th, and to join if not already a member. It is a great privilege to be permitted to become a member of this great organization of international mercy.

I feel that I must say a word of deserved praise in relation to the wonderful manner the nurses in the Red Cross have taken hold of the situation during the recent influenza epidemic. Real heroines were born during that trying situation. In other words, it is a tribute to the women who served so faithfully for the sake of service, came to the surface and gave evidence of a greatness of their own strong that of the ordinary man. Of course, contrast between the woman of today and of days long past. Woman then belonged to her husband or some one. She did not care for herself. She was not considered a man in any respect. She was a slave with little or no education. She was treated in a humiliating and degrading manner. Her aspirations, if she possessed any, were scorned. She lived to die.

It has taken thousands of years before the lofty sentiments of today have developed with women considered equal to men in character and superior to him in virtues of the heart and soul. Today of all days, woman has become the star of worship of the entire human race. Of course, there were many famous women with intellectual culture. They were the exception. They were highly gifted, perhaps, because they were few. Some of them have all read of great women who rendered great service. Some of them displayed a boundless and ceaseless courage, inciting armies and individuals to deeds of patriotism. Some of them fought with their intellect for justice. Other women fought with the sword to obtain it. Many of them led large bodies of troops bravely and successfully. Many of them displayed wonderful feats of courage, many became famous and illustrious in other ways.

Florence Nightingale is known to us all. We can all see her in our vision of service. She emphasized the matter of duty. That "He profits most who serves best." She possessed the degree of heroism which her character similar to that which has marked all women who have rendered great service. Why could she and why can other women care so much in such a cause? Because the sentiments which prompt them are full of noble inspiration. Because the desire which impels to such action springs from the depths of a woman's soul. Her glorious instances of such devotion have been chronicled.

The one illustration which has appeared to me is that of Paula. She owned a city. Italy. She lived in great magnificence. She was one of the richest women of ancient times. She was distinguished for the splendor of her life. She gave up her wealth of luxury, she distributed her wealth to the poor. She sought out and relieved distress. She became famous because of the holy friendship between Jerome and she. Very little is said of her activities as a nurse, yet she was a great nurse. In my humble opinion, and one of the greatest in history. She was not content with nursing with the spirit of the day. She became a nurse of the miserable and sick. She was a woman of humanity.

We are thankful that there are those who possess the courage and the love to serve to embark upon the field of trained nursing. We all realize you have not been led through these years of education and experience with the desire for personal gain. Other pathways furnish greater gains for gain with less content with sorrow and distress. With that will come to you the satisfaction of joy at the moment of your death, and which day you will share in your own heart. You will be the best of all any one for their dear ones. Their hope will be that you will be with them at the end of your life. You will be a woman who will be remembered by your fellow men.

The diplomas were then awarded to the four graduates, Mrs. Donovan, formerly Miss Gaynell Canfield; Mrs. Hall, formerly Miss Margaret Anderson; Miss Josephine Meyer and Miss Nellie H. Saxe, by the Hon. James A. Bette, president of the board of managers, who presided throughout the entire meeting. After congratulating the graduates, Judge Bette spoke of the many demands which the present war had made upon nurses and hospitals throughout the country. Now at last the time of great training of our forces has set in, and the demands upon our local hospitals seem likely to be greatly increased. The Kingston City Hospital is ready in any emergency to do its full and its services are free to any requiring soldier and sailor nursing its care. Judge Bette noted the fact that every hospital is in large measure what the nurses make it, and the graduates the first thing that the regu-

lation and honor of the institution for which he spoke were safe in the hands of those about to leave its walls. Then the speaker announced his intention of addressing the undergraduates and divining to them one of the secrets of the hospital board of managers, which had disturbed that body, and that had been the small number of its graduates. He now felt sure that with half of a graduating class already more than engaged in a full home occupation, as the double names on the program indicated, there could be no future for far less difficulty of getting young women to enter the training school, which caused a good laugh.

Miss Saxe, the valedictorian of the class, then thanked the board of managers, the staff and the superintendent, Miss Ryan, for their solicitude and instruction throughout their years of training, which had been deeply appreciated by all of the class, who now with happy hearts were ready to leave their Alma Mater for the broader field of serving the sick and helpless in the world at large.

The benediction was pronounced by the Very Rev. J. J. Hickey. During the musical number which followed the graduates took their places on the hour of the auditorium, where they received the congratulations of their many friends. Dancing and the serving of refreshments, followed. Mrs. Charles Tappen and Mrs. Hasbrouck presided at the charmingly appointed table, with its decorations of beautiful chrysanthemums.

WILTWYCK CHAPTER ANNUAL MEETING

Work of the Year Reviewed by the Chapter Historian at Annual Meeting of the D. A. R. This Afternoon.

The annual meeting of Wiltwyck Chapter, D. A. R. was held at the Chapter House on Thursday afternoon, and was largely attended. Because of the participation of the members in the war work, and the Chapter's co-operation with the Red Cross, together with the fact that the mortgage on the Chapter House was paid, freeing the organization of debt, the year has been a memorable one as was evidenced by the reports given.

Mrs. Elting, the retiring Regent, who has so graciously and efficiently acted as the presiding officer for the past two years, with feeling and appreciation expressed her gratitude to the Chapter members for their loyal support at all times; and "spoke the same earnest and devoted allegiance of all to her successor, Mrs. William M. Davis, the newly elected Regent. Mrs. Davis in accepting the gavel, thanked the Chapter for the honor conferred upon her, and announced her intention of serving the Chapter as faithfully and capably as lay within her power, and sustained by the co-operation of each and every member.

One of the features of the annual meeting which is always looked forward to with interested anticipation, is the historian's report of the past year, and Mrs. Weed, the historian, certainly gave the Chapter members an excellent account of the year's events. Her report was as follows:

Madam Regent—In these difficult making days no organization stands for itself alone. We have been so closely allied with the Red Cross Society during the past year that in war work our aims and purposes have been one. Cheerfully and gladly have we entered into all the work of the society at the Chapter House. Even the little details have not been too insignificant for our co-operation.

The various committees appointed by the regent for each month of the year (except vacation months) have been more than zealous in their line of work. The programs given at the close of each month's business meeting have been of an entertaining and pleasing nature.

The first meeting of the new year was held on January 3. Notwithstanding the extreme cold there was a large attendance. After the usual business of the chapter, the committee, made mention that three sets of knitted garments had been sent to the three drafted colored men in camp. Very appreciative letters of acknowledgment from these men were read. Six outfits had also been sent to a French sailor on a submarine campaign. A letter of thanks for the same and for Christmas presents sent at the same time, written by this sailor, was read.

Papers and magazines were sent to forty sailors by the members of the chapter, and letters from these sailors were read. These very interesting letters showed an appreciation of the interest our organization has taken in them, men of the sea.

After the business meeting an interesting program followed.

Most delightful vocal solos were given by Mrs. John Deane of Ellenville, and an official paper, "The Little Town and the Cross," written and read by Miss Mary Jansen, daughter of Napanoch, one of the chapter members.

The February meeting was of a particularly nature, celebrating both Washington's and Lincoln's birthdays. The chapter observed the occasion by the reading of the "Declaration of Independence" and the "Emancipation Proclamation." A patriotic program followed, written by Miss Mary Isabella Forsyth, Lincoln's famous Gettysburg address was also read. The meeting closed with all present singing "Battle Song of Freedom," the words having been written by Mrs. N. Fossenden, one of our chapter members.

The March meeting was especially interesting. The program was made very attractive by a talk given by Mrs. Thompson, known as "George Washington," a social experience. She portrayed southern life in a very realistic and graphic manner which was both pleasing and instructive. Southern music and southern recipes were also given, adding much to the enjoyment of the afternoon. At the business meeting it was voted to contribute \$2 for the purchase of material for Red Cross property bags, then being made by the Ulster County Chapter of the Red Cross. An additional supply of knitted articles was reported by the chairman of the committee on knitting, Mrs. Kenyon, stated that 23 sweaters and 23 scarfs had been sent to a Y. M. C. A. in France and 4 sweaters and 5 scarfs to the local Red Cross.

The April meeting was largely attended. A most delightful program was rendered, consisting of vocal selections, played by Ford Hummel, assisted by Mrs. Hummel of the piano. The recital was of a most delightful and artistic nature and was enthusiastically received.

There was a large gathering of members at the May meeting. During the business session it was voted to buy two \$100 Liberty Bonds. The money was contributed by the patriotic members of the chapter. Letters of interest from soldiers at the front were read. In the observance of Decoration Day, Mrs. Oester Wingo and Miss Kate Westbrook were appointed a joint committee to decorate the graves of soldiers and sailors in this city, and Mrs. Elting, Mrs. Lewis Boush, president of the Ulster County Chapter of the Red Cross, were appointed to care for the graves in Haverhill. The speakers for the afternoon were two of our beloved citizens, Dr. G. W. Arch of Haverhill, and Dr. J. H. Higginson of Kingston. Dr. Arch's subject, "Old Time Methods of Punishment," was a very interesting sketch of the methods of punishment employed when our country was in its infancy. Rear Admiral Higginson's address was patriotic and educational. Both addresses were listened to with great interest.

June the seventh was the date of the first meeting of the season. In the absence of the regent, Mrs. Elting, the first vice-regent, Mrs. Lewis Boush, presided. It was decided at the business session not to hold any formal observance of "Flag Day," but the members were invited to visit the Red Cross chapter on that day, in their work of making surgical dressings at the Chapter House. Thus they were to show in a practical way their love for their country's flag. At this meeting it was voted to adopt a French orphan. The money required for the support of the child was to be raised by voluntary contributions from the chapter members. The chapter also voted to co-operate with the Child Welfare Committee of the Woman's Branch of the Home Defense of Ulster County, in their efforts to find homes for French orphans. Committees were appointed and a number of the D. A. R.

members served at the different stations in the city.
July, August and September were vacation months.
On October 3rd the first meeting after vacation took place. It was a meeting of great historical significance to the members of Wiltwyck Chapter. It was announced by the regent that the legacies left by the estates of Mrs. Mary Dinnick and Mrs. Fannie E. Anderson had made it possible to pay off the mortgage on the Chapter House. Mrs. Dinnick, former chairman of the Old Stone House Committee, read a paper compiled by DeWitt Brownlee, the history of the Chapter House and the liquidation of the debt. Mrs. Elting, the regent, then burned the mortgage, the deed, the report of the committee, and the liquidation of the debt. The chapter members, still standing, sang "The Star-Spangled Banner" and "The Flow." It was voted to preserve the bond that future generations might see with what diligence the faithful members had labored to pay off the debt. The regent stated that there was a sufficient amount left to the credit of the chapter to warrant the chapter's purchasing \$1,000 worth of Liberty Bonds. The fourth issue, which the members voted unanimously to do. It was also voted to sell one of the bonds of the Third Liberty Loan and give the \$100 to the National Society to contribute toward the \$100,000 pledged by the National Society to be raised by the chapter throughout the United States.

It was further voted that all members who were willing to do so be asked to contribute to this fund. \$20 was raised, making \$120. The treasurer, General At Washington, D. C.

The November meeting was the first meeting to be held by the chapter after the close of the greatest war history has ever recorded.
The regent, Mrs. Elting, in a few well chosen words, aptly expressed the sentiment of all present when she said that this glad day of rejoicing far surpassed the previous month's joyous occasion, when the chapter celebrated the burning of the mortgage on the Chapter House. That day was essentially a day of rejoicing for Wiltwyck Chapter alone, while this glad day is the brightest in all the history of mankind and all the civilized world rejoices. In referring to the Red Cross work she emphasized the feelings of all the D. A. R. members, showing their unselfish attitude in their willingness to enter into all of the work of the Red Cross and all war work. At no time has the chapter pressed itself to the front, but has recognized and appreciated the service of the Red Cross Society in the magnitude of the work.

The chapter voted to assist in "Forget-me-not Day," a day set aside by the Queen of Belgium and named after her favorite flower, the Forget-me-not, the object of the day being to raise money for the benefit of the Belgian war babies.

A musical followed the business session, the full program being given by Ford Hummel, the noted violinist of Kingston, and his gifted son, Earle, assisted by Mrs. Hummel of the piano. It was indeed a wonderful program, as father and son brought out in clear tones the productions of the great masters.

At the special meeting for the election of officers, held November 21, the chapter voted to accept an invitation given by the Board of Supervisors to attend the celebration of the one hundredth anniversary of the county court house.

Gifts to the Chapter.
The regent, in behalf of Mrs. William Tread, presented a handsome antique, octagonal wall clock, originally owned by Harry Hodder, uncle of Mrs. Tread. Mrs. Tread, known as Mrs. John Rathbone, of the Home Defense of Ulster County, presented the chapter with a framed wood cut picture of George Clinton and his wife. Mrs. Tread presented a fine Red Cross

poster framed, and one of the last Liberty Loan.

A handsome American flag was presented by Mrs. A. T. Clearwater. All of these appreciated gifts were accepted with the hearty thanks of the chapter.

Deaths.
We have lost this year, by death, three of our much esteemed and loved members. On April 2, Mrs. Stella Kraft passed away after a lingering illness. She was unable for a long time to be present at the chapter meetings. Although absent she was ever present by her sympathy and support. April 10, Miss R. Louise Tremper passed away, in the quiet of the night from her retiring room. She served as corresponding secretary until obliged, on account of poor health, to resign. She was ever loyal and devoted to the chapter. On Thursday, November 28, Mrs. Charity Bowman suddenly passed away.

In closing the report for the year 1918 your historian can not refrain from expressing a just pride in the achievements which Wiltwyck Chapter has been able to accomplish under the able leadership of its retiring regent, Mrs. Philip Elting. We are prone to look at the passing years as a "tale that is told," forgetting the worthy deeds, the high ideals and lofty aims which have actuated those who have ever had in mind the best interest of the work they had in hand. Such, I am sure, have been the desire of your retiring historian.

Respectfully submitted,
(Signed) LEAH M. WEED,
Historian,
Wiltwyck Chapter, D. A. R.

Delightful Entertainment.
The fair and turkey dinner and supper of the Rondout Presbyterian Church, which has been in progress for the past ten days, came to a close last evening with a delightful entertainment. That the ladies of this church know how to make an unqualified success of their annual social event no matter what conditions prevail, was noted last evening by the fact that the domestic booth, Mrs. Milton G. Holmes and Mrs. Palmer Canfield, in charge, did even better than last year. The program with a humorous reading, "Great Excitement in Town," so realistically given by the Charles L. Coles, as to delight those present. She responded to the score by giving a funny colored dialect sketch in a very clever manner. Then came a most entertaining hit's playlet, admirably given by the following young ladies, members of the Westminster Guild:

"Aunt Deborah's First Luncheon"..... Mrs. Travers, hostess.
..... Miss Ethel Skilton
..... Miss Marion Adams
..... Miss Regina Adams
..... Miss Lillian Metcalf
